

# Family Christmas Ornament

This year our family Christmas project will consist of making a family Christmas Ornament. The ornaments will be displayed on Christmas Trees in the entryway at the front door. This project is aimed to have families work together to create any Christmas ornament they would like. All members of the family should help in some way.

The ornaments must be homemade. Families can use any items they would like as long as they are school appropriate. For example, craft sticks, pipe cleaners, toothpicks, paper, crayons, glitter, cereal, noodles, etc. Be creative; use your imagination! Use only school appropriate items, no corded lights, no glass, no sharp objects.

Please do not make ornaments bigger than 6 inches tall and 6 inches wide. They may be smaller, but not bigger.

**Projects are due Monday, December 3, 2018**

Please feel free to post pictures on the Glen Fork Elementary and Middle School Face Book Page. We would love to see the memories you are making.

The most IMPORTANT rule of all is,

Spend time with family having fun and making memories!!!
